Arunachal Pradesh

- **A land of opportunities**
- **Asia's Best Kept Secret**
- **The Last Shangri-La**

Seven Lakes Trek in Anini, Dibang Valley, Arunachal Pradesh

Arunachal Pradesh Fact File

Arunachal Pradesh is the largest among the eight states located in the North East part of India. The state shares its borders with the neighboring countries of Bhutan in the west, Tibet in the north and northeast, Myanmar in the east and southeast, and the Indian states of Assam and Nagaland in the south.

Arunachal Pradesh is strategically located between India and South-Asian Countries and can act as a gateway to South-Asian Countries.

Arunachal Pradesh, meaning 'Land of the Rising Sun' constitutes a mountainous area in the extreme northeastern part of the country with the Himalayan ranges running north to south and is divided into five river valleys - the Kameng, the Subansiri, the Siang, the Lohit, and the Tirap.

Rich species of flora and fauna in addition to a wide range of wide agro-climatic conditions make the state a prominent hotspot of biodiversity in the country.

Area	83,743 sq. km
Population	~ 1.6 million
Density	~ 17 persons per sq.km
Gross Domestic Product	Estimated at ₹ 37,870 crore (~ \$ 4.6 billion) for 2023–24, marking a 28.9% growth over the previous year
Per Capita Income	₹ 2,56,410 (~ \$ 3,115) in 2022–23
Climate	Varies from subtropical in the lower regions to alpine in the higher altitudes
Forest Cover	~ 80% of the state's land area
Roads	~ 40,000 km
Air Connectivity	4 new airports - Itanagar, Pasighat, Tezu & Ziro Air cargo facility at Donyi Polo Airport (Itanagar) 25+ Helipads
Railways	Three Railway Stations + >500 km railway lines under construction

1

One of the 12 Biodiversity Hotspots of India

2

“Pakke Tiger Reserve 2047 Declaration on Climate Change Resilient and Responsive Arunachal Pradesh” - first ever state level declaration to fight climate change

3

20 GI Tag products – targeting 50 by 2047

4

Home to 26 ethnic tribes and over 100 sub-tribes

Top Reasons to Investment in Arunachal

- Largest Northeastern State
- ‘Gateway to ASEAN countries’
- Expanding Connectivity with roads, rails and airports
- 40% of India’s total hydropower potential
- Existing oil fields and coal reserves
- Upcoming tourism hotspot
- Blessed with good water access
- 60% of the population in age group of 15-59 years and proficient in both Hindi and English
- Low Power Tariffs in the range of ₹ 3.35 (~ \$ 0.040) to ₹ 4.3 (~ \$ 0.051) per kWh
- Industrial Areas - land at low rates and lease for up to 50 years
- Peaceful law and order situation
- Private land lease up to 99 years

AGRICULTURE & HORTICULTURE
“India’s Fruit Basket”

- 1st Rank in Kiwi Production in India
- Largest Producer of Khasi Mandarin Oranges in the region
- 2nd Rank in Large Cardamom production in India
- Second Largest area under Oil Palm in the North East Region

- Out of 2.5 million Ha. suitable for field & fruit crops cultivation, 14% of the area has been utilised so far.
- There is a vast scope of horizontal & vertical expansion in the remaining 86% of crop area.

The State's Agriculture and Allied Sectors have recorded a growth rate which is three times the national average in the recent years.

28,000 Ha land currently under organic cultivation with potential of 0.3 million Ha.

Major off season vegetables include tomato, potato, beans, capsicum, chillies, cole crops (cabbage, cauliflower, broccoli), leafy greens like spinach, Chinese cabbage etc.

Major crops includes rice, maize, millet, potato, ginger, mustard, off season vegetables, citrus, kiwi, banana, pineapple, pome & stone fruits, dragon fruit, large cardamom, etc.

Arunachal has about 103,723 MT of surplus agriculture produces after State consumption for the seven key crops, that can be made available for processing and value addition.

Why Invest in Agri-Horti Sector in Arunachal?

Fertile and unpolluted land suitable for promotion of organic cultivation as more than 80% crop production is by and large organic.

Four district agro-ecological zones suitable for cultivation of wide varieties of crops.

Gradual increase in farm gate, storage and logistics investments.

High quality produce and large market surplus.

Enhanced institutional support, funding support and handholding mechanism.

High demand of food processing industries.

Geographical proximity to South-East Asian countries is an advantage to venture into overseas organic markets.

Food Processing Potential

Kiwi:

Wine, Juice, Jam, Jelly, etc.

Orange:

Juice, Orange Candy, Orange Peel Powder, etc.

Pineapple:

Juice, Jam, Squashes and Syrups, Vinegar, etc.

Food Processing Potential

Large Cardamom:

Packaged Spices, Cardamom Powder, etc.

Paddy:

Rice, Rice Noodles, Baby Food, etc.

Millet:

Flour, Biscuit, Cake, Pasta, etc.

Apiculture:

Honey, Wax, Royal Jelly, Bee Pollen, Bee Venom, etc.

Ginger:

Ginger Oil, Ginger Candy, Ginger Powder, Ginger Sticks, etc.

Bamboo:

Agarbatti Sticks, Bamboo Mats, Bamboo Charcoal, Tiles, Ply, etc

Snapshot of Major Produces

29.8%

Area Suitable for cultivation out of Total Geographical Area (TGA) of the State.

>30%

Arunachal Pradesh's agri and allied sector contribution to State GDP is greater than 30%.

>3500 MCM

Availability of large water resource greater than 3500 Million Cubic Meters (MCM)

5+3=8

Five static soil testing labs and three mobile soil testing labs.

1+1=2

One bio control lab, one seed testing lab.

7

Seven Government seed farms.

2+2=4

Two Enriched compost centres of 400 MT capacity and two vermicompost centres of 100 MT capacity.

Proposed Infrastructure

Proposed Cold Chain Infrastructure

Proposed Cold Chain Clusters	Districts/ Area catering to	Produces	Connectivity
Bhalukpong	Tawang, West Kameng, East Kameng	Kiwi, Apple, Walnut, Rice, Cardamom	Airport: Guwahati (140 KM) Road: National Highway-13 Rail: Bhakulpong Railway Stn
Kimin	Papumpare, Lower Subansiri, Upper Subansiri, Kra Dadi, Kurung Kumey	Cardamom, Fisheries, Sugar cane, Kiwi, Walnut	Airport: Lilabari (40 KM) Road: National Highway-15 Rail: Naharlagun Railway Stn
Pasighat	East Siang, West Siang, Upper Siang, Shi Yomi	Ginger, Rice, Fisheries, Cardamom, Sugarcane, Kiwi, Millets	Airport: Pasighat (Local), Dibrugarh (150 KM) Road: National Highway-515 Rail: Murkongselek Railway Stn
Mahadevpur	Namsai, Changlang, Lohit	Rice, Tea, Ginger, Turmeric, Cardamom	Airport: Dibrugarh (100 KM) Road: National Highway-15 Rail: New Tinsukia Railway Stn

Proposed Agri-Horti Clusters

Proposed Agri-Horti Clusters	Districts/ Area catering to	Produces	Connectivity
Bhalukpong-Dirang	Tawang, West Kameng, East Kameng	Kiwi, Apple, Walnut, Rice, Cardamom	Airport: Guwahati (140 KM) Road: National Highway-13 Rail: Bhakulpong Railway Stn
Banderdewa-Kimin	Papumpare, Lower Subansiri, Upper Subansiri, Kra Dadi, Kurung Kumey	Cardamom, Fisheries, Sugar cane, Kiwi, Walnut	Airport: Lilabari (40 KM) Road: National Highway-15 Rail: Naharlagun Railway Stn
Oyan	East Siang, Lower Siang, West Siang	Rice, Mustard, Fisheries	Airport: Dibrugarh (140 KM) Road: National Highway-515 Rail: Murkongselek Railway Stn

Kanubari	Tirap, Changlang, Longding	Ginger, Rice, Fisheries, Millets	Airport: Dibrugarh (100 KM) Road: National Highway-313 Rail: Naharkatia Railway Stn
Likabali	Lower Siang, West Siang, Upper Subansiri	Pineapple, Kiwi, Orange, Millets, Rice	Airport: Lilabari (100 KM) Road: National Highway-15 Rail: Silapathar Railway Stn

A. Arunachal has ~0.3 million ha potential for organic farming, targeting 0.1 million ha.

B. The State plans to establish five agro-processing clusters in PPP mode.

C. Palm oil cultivation in Arunachal Pradesh has covered more than 12,000 hectares till date, with a target of up to 30,000 hectares by 2026.

D. A contract farming bill is ready to boost farmer participation in contract farming.

E. The State aims to develop 1 million quality saplings, with potential for Bio-Conservation Parks, R&D Institute, and Plant Health Clinics.

F. Food parks are a key focus. The Mega Food Park at Papum Pare is a replicable model. Local produce like paddy, pulses, millets, spices, and medicinal plants supports industries like rice mills, feed plants, aroma oils, and flour mills.

G. With 40+ bamboo species, Arunachal contributes to 50% of India's output. Investment areas include bamboo shoot processing, charcoal, incense, mats, tiles, and plywood.

H. Rich in bee forage and commercial species, the State offers scope for honey, wax, royal jelly, pollen, and venom processing units.

I. Ramie and jute cultivation and processing present strong textile investment potential.

J. Khamti and black rice, valued for taste and aroma, have GI tag potential and strong export prospects.

K. Dragon Fruit cultivation is doubling farmer income.

Investible Opportunities in the Sector

River Rafting in Lohit River, Arunachal Pradesh

Tourism & Hospitality

India's Wildest and Least Explored Tourism Destination

Tourism at Arunachal Pradesh

Asia's Best Kept Secret + the Last Shangri-La

“Best Adventure Destination”

Sela Lake

Film Tourism

Ziro Valley

Ziro Festival of Music

Festival Tourism

Bumla Pass

Patriotic Tourism

Resort at Mechuka

At 6,000 feet, Mechuka's views and access make it an ideal destination for a premium resort.

Homestay Partnership

With rising tourism, locals are offering homestays, supported by state aid, where brand partnerships can boost the sector.

Film Production Unit in Pasighat

Pasighat's beauty and connectivity make it ideal for film shoots; a film city can draw global filmmakers to Arunachal.

Wellness Tourism

Arunachal's serenity, tradition and hospitality makes it a perfect destination for wellness retreats.

Upcoming Tourism Opportunities

Innovation in Tourism

Arunachal's tourism is evolving with wine-tasting and winery tours for kiwi and Rhododendron wines. As the 'Orchid Paradise of India' with 622 species, the State is planning for orchid museums and festivals. Tourism startups add to this growing potential.

Work From Home Tourism

With remote work on the rise, Arunachal offers a serene Work-from-Home escape, combining productivity with wellness tourism.

Festival Promotion

Arunachal's festivals offer diverse experiences and great potential for broader promotion in domestic and global markets. The Ziro Festival of Music (ZFM) is a prime example, attracting visitors from around the world.

Leisure Transport from Dibrugarh, Guwahati and Pasighat

Dibrugarh, Pasighat, and Guwahati connect Arunachal by air. Hollongi Airport boosts access to Itanagar. Luxury buses, caravans, and river cruises can enhance leisure travel experiences.

Hydropower

India's Hydropower Hub

40%

Arunachal has 40% of India's total hydropower potential and over 9% of India's small hydropower potential.

08

Arunachal Pradesh has 8 major river basins to harness its hydroelectric potentials.

58,160

The hydro potential is estimated to be over 58,160 MW.

Hydropower policies of Government of India as well as Government of Arunachal Pradesh are in place.

Hydropower Investment Advantages

Comprehensive transmission system for evacuation of power under progress.

Availability of distribution network.

Low human density in project areas resulting in limited displacement.

Regular high annual rainfall leading to better yield from projects.

Projects already cleared under comprehensive river basin study.

India: Current Power Generation

Textiles & Handicraft

Textiles, Handloom and Handicraft

Cultural Wealth and Craft Excellence

ARUNACHAL

Diverse Tribes: 26 major tribes and over 100 sub-tribes in Arunachal Pradesh.

Unique Crafts: Each tribe has distinct textiles and accessories with varied motifs and colors.

Artistic Expertise: Specialization in Weaving, Carpet Making, Cane and Bamboo Crafts, Wood Carving, Beadwork and Painting.

Eco-friendly, sustainable and natural fabric with exotic designs

Contract Farming for Cocoon and Silk Production	Total Area under Silk worm Food Plantation- 1133.12 Ha of which 161.87 Ha belong to government farms.
Muga Silkworm Seed Farm	Huge unfulfilled demand for Muga Silkworm seed. Ideal agro-climatic condition and healthy plantation available for Muga seed.
Hand knotted Carpets	GI Registered, 100% natural fibres, and handmade.
Cane & Bamboo	Abundant natural resources, vibrant craft tradition and craftsmanship of a very high order.
Handmade Paper (MonShugu)	GI Registered, 100% natural, abundant availability of raw materials.
Handloom	8 GI registered handloom products such as Shawls, Silk Fabric, Traditional garments, Decor etc.
Woolen Hosiery and apparel	High local demand of uniforms of schools, institutes etc. Absence of production units in State opens opportunity for investments.
Power loom to feed up fabric requirement of Incubation centre of garment, apparel unit	Significant local need for school and institutional uniforms, but no manufacturing facilities within the state to meet this demand. All uniform orders are being fulfilled by external suppliers.
Crafts village under Handloom/ Handicrafts Tourism	Arunachal Pradesh is a major emerging tourist destination.

Potential in Eri

- Production of Eri Silk through multiple crops throughout the year.
- Out of total Silk production in the State, nearly 93% is Eri Silk Production.
- Good demand for Eri cocoon / Finish products and Eri pupae.

Investment Potential

- Production of organic Eri silk through entire value chain with organic certification will be developed.
- Farm mechanization for large scale production of silk will be evolved.
- Availability of communication, electricity, water is available.
- The climate and soil are conducive to large-scale Eri silk cultivation.
- Eri silk holds significant value both domestically & globally, with large scalability potential for investors.

Diversified Eri Silk Product

- Intricate motif and design of Arunachal Pradesh to be blended with modern design for embellishment.
- Linkages with fashion houses within India and abroad.
- Design studio and new design intervention through NIFT and NID Ahmedabad.
- Mass production of dress materials, fabrics, saris with innovative design and local motif for international and national market.

Skill & IT

Education and Skill Development

Investment in digital classrooms can bridge accessibility gaps. Initiatives like residential schools, teacher training institutes, and digital libraries offer scope for collaboration.

Government intends to bring in educational institutions of global repute to set up campuses in Arunachal Pradesh.

Government intends to set up an Education City of national standards spread over an area of over 20.23 to 40.47 Ha, where institutes of national repute will be encouraged to setup campuses for secondary and higher education.

Subsidies, grants, and tax exemptions are available for investors setting up educational institutions in the State.

State government is aiming to harness SEE (Skill, Education, Employment) Trinity providing 25,000+ employment and self-employment opportunities in next five years.

Gaps in education infrastructure, especially in rural areas, present opportunities for private investment in schools and higher education institutions.

Government programs like Rashtriya Uchchatar Shiksha Abhiyan (RUSA) and Samagra Shiksha Abhiyan (SSA) encourage private participation in education development.

Government initiatives under Skill India and SANKALP provide financial and policy support for setting up vocational training centres.

Limited number of higher education institutions creates an opportunity for private players to establish engineering, medical, and management colleges.

Difficult terrain and remote locations make digital education and e-learning platforms highly relevant.

Pathway to Digital Transformation

STARTUP ARUNACHAL

Startup Scenario in Arunachal

From Local Wisdom to Global Markets

Arunachal Pradesh has embarked on a Vision to transform Arunachal Pradesh into a global hub for innovation and entrepreneurship by providing holistic support to local startups through proactive policy intervention and creation of a network of key ecosystem stakeholders.

Arunachal Pradesh's startup ecosystem has witnessed remarkable growth in a short span of time - driven by grassroots problem-solving, innovation, sustainability, and diversity. The state has created some unique products based on its strength in nature-based entrepreneurship.

Sector distribution of Arunachal Pradesh's Startups

Startups in Arunachal Pradesh are on a growth path, with their total combined revenue crossing ₹ 20, 00,000 (~ \$ 20,000) within a few years of launching the startup ecosystem in the state.

A key focus of Arunachal Pradesh startups is women empowerment, with 46% of incubated startups being women-led. The state promotes female entrepreneurship through dedicated programs and targeted incentives, fostering inclusivity and gender equality within the entrepreneurial ecosystem

DPIIT, Ministry of Commerce & Industries, Govt has adjudged Arunachal Pradesh in 'Top Performer' Category, a level up from the previous year, in 'States' Startup Ranking 2022'.

From herbal teas to traditional spices, every item reflects purity, sustainability, and the region's vibrant natural heritage.

Culturally inspired and wildlife-preserving showpieces created through sustainable 3D printing.

Sustainable and traditional products by local communities and self-help groups, including bamboo crafts, handlooms, and more.

Single bamboo species to create an organic bamboo drinking straw.

Blends tradition and high fashion, turning every outfit into a striking statement piece.

Grown in the pristine hills of Lohit district, it's a hidden gem cherished by tea connoisseurs.

Handcrafted, ethnic-inspired apparel and accessories that blend tradition with contemporary style.

Creative space specializing in handcrafted décor, lifestyle products, and artisanal designs rooted in minimalism.

Pottery collection embodies earthy elegance and mindful craftsmanship.

From herbal teas to other organic agricultural products, every item reflects purity, sustainability, and the region's vibrant natural heritage.

A millet-based venture promoting nutrition, sustainability, and local farming.

Providing seamless cab and bus bookings for inter-town and inter-city travel, making mobility easy and accessible for locals and tourists alike.

INCENTIVES TO INVESTORS AND INDUSTRIES

Incentives and Subsidies

Capital Investment Subsidy

50% of the cost of investment upto ₹ 30 Lakh (~ \$ 35,000.76)

01

Interest Subsidy of Working Capital Loan

5% on working capital loan up to ₹ 50 Lakh (~ \$ 58,373.50)

02

SGST Reimbursement (up to 7 years) and VAT Exemption (99%)

Micro Enterprise: Up to **250%** of the eligible amount of investment

Small Enterprise: Up to 200% of the eligible amount of investment.

Medium & Large Enterprise: Upto **180%** of the eligible amount of investment.

VAT(Sales Tax) Exemption: 99% for a period of 7 years

03

Incentive for Exports

Reimbursement **60%** of transportation cost up-to the international port (air or sea) within the country, upto ₹ 5 Lakh (~ \$ 5,834) per year for a period of five years

04

Power Subsidy

05

For Micro, Small, Medium Enterprises- Power Subsidy at ₹ 2.00 (~ \$ 0.02335) per unit consumed up to ₹ 75 lakh (~ \$ 87,564.75) / annum for a period of **5 years**

Large scale Factories/ Bulk Electricity consumers- Power Subsidy at ₹ 1.00 (~ \$ 0.011676) per unit consumed up to **100%** of total investment in Plant & Machinery, for a period of **5 years**

Stamp Duty & Registration Fees

06

100% Reimbursement of the amount paid towards Stamp Duty and Registration fees for units in industrial land

Reimbursement for using Common Facilitation Centres

07

Reimbursement at **50% costs up to ₹ 1 Lakh (~ \$ 1,167.65) per year** for a period of **3 years** on last incurred for utilizing any recognized common facility centre (**Research centre/ Testing lab etc.**)

Capital Interest Subvention

08

Up to **8% interest** subvention with a maximum limit of ₹ 25 lakh (~ \$ 29,194)

09

Green Energy Generation

Reimbursed at **50%** up to **₹ 25 lakh (~ \$ 29,194)** of cost on purchase and installation of green and environmentally friendly technology

10

Installation of Wastewater Recycling facility

Reimbursed at **50%** up to **₹ 2 lakh (~ \$ 2,336)** of expenditure on technology, machinery & equipment

11

Incentive on Pollution Control devices

Reimbursed at **50%** up to **₹ 10 lakh (~ \$ 11,676)** of expenditure on PCD's

12

Incentive on Procurement of Electric E-load Carriers

Financial assistance of up to **10%** of the ex-showroom price

Incentives and Subsidies

13

Assistance for access to Competitive, Innovation and Quality Control

Willing to install in-house testing facilities and equipment and obtaining quality certifications will be reimbursed at **35%** upto **₹ 5 Lakh (~ \$ 5,838)**

14

Incentives to underprivileged sections of the society

Reimbursement at **95%** consulting fee for preparation of **DPR** by 'Consultants' up to **₹ 1 Lakh (~ \$ 1,167.68)**

10% allotment of plots for the underprivileged sections in the Industrial Estates

15

Transport Subsidy (Air Freight)

Reimbursement of Air freight at **50%** of freight amount for transportation to any destination within the country, upto **₹ 5 Lakh (~ \$ 5,838) per year for a period of 5 years**
